

Full Day—Family Fun

Whether your family likes bushwalking, exploring caves, boating, fishing, bike riding, history, fossicking or getting up close and personal with the wildlife, there's so much to do in the Upper Lachlan!

Here's some ideas for how to spend one jam-packed day:

9.00am—Depart your **Crookwell** accommodation and head on out to Taralga via Laggan, taking your time to enjoy the countryside in the morning light.

9.45am—Depart Taralga having grabbed your picnic supplies at either the **Ploughman Café** or **Tangled Vine** and head on out to the **Wombeyan Caves** for a guided cave tour at 10.30am.

1.00pm—After exploring the underworld, you will definitely need to find a shady spot in the valley to enjoy your picnic before heading back to Taralga.

2.30pm—Arrive at **Taralga Wildlife Park** to meet and greet a terrific collection of native and exotic animals, including waterfowl, parrots, wombats, dingos, emus, wallabies, deer, donkeys, miniature horses and many more.

And that's just one day! There's so much more on offer...

You could visit the **Alpaca Farm Experience** and learn how alpacas are actually good for the land, hand feed the herd and observe their cheeky behaviour. It's a great opportunity to learn all about alpacas and the Australian alpaca industry.

Or you could step back in time and imagine life 'in the olden days' at the excellent **Taralga Historical Society Museum**. Or visit **Tuena** to learn about the gold rush and bushrangers, while trying your hand at fossicking!

Or you could see the amazing and mesmerising sock machines in action at the **Lindner Sock Factory**...

There's no need to limit your visit to one day—get the kids out camping in one of our many excellent camping locations! Explore **Wyangala Dam** from the **Reflections Grabine Lakeside Holiday Park**, or go bushwalking in the **Abercrombie River National Park** while camped nearby at the **Bumaroo Ford** campsite...
