CROOKWELL & SURROUNDS

CROOKWELL

Renowned for its seed potato production, cool climate gardens and artisan sock factory, Crookwell is the largest town in the region and offers the visitor a wealth of things to see and do. Centrally located, Crookwell is an ideal base for exploring the wider region.

LAGGAN

Nowadays a peaceful hamlet, Laggan was once host to bushrangers and troopers as it was located on the main road between Goulburn and the Tuena goldfields. Now home to amazing markets, a great pub, intimate restaurant, brewery, vineyard and more, Laggan remains a vibrant community.

BINDA

Once the administrative centre of the district in the 1800s, Binda is now best known for horse racing and gardens. The "Funny Hill" race course has been holding race meetings since 1848 and is home to the annual Binda Picnic Races. Nearby Markdale Station

features a five acre, award winning Edna Walling garden which is not to be missed.

TUENA

Bushranger stories or gold mining history - take your pick as Tuena is rich in both, being the site of a major gold find in 1851. Located in a picturesque valley on the road between Goulburn and Bathurst, Tuena offers great camping, fishing, fossicking and more.

BIGGA

Famous for fine wool, trout fishing, stunning scenery and being the gateway to Lake Wyangala, Bigga sits proudly on the top of the range about 40 minutes north of Crookwell. The town is CMCA RV Friendly and welcomes its frequent visitors with open arms.

GRABBEN GULLEN

Only fifteen minutes from Crookwell is its friendly neighbour, Grabben Gullen. This village gets its name from the Aboriginal word for "small waters", which describes this town perfectly. Sapphires, garnets, zircons and gold have been found in abundance over the years in the many feeder streams.

GUNNING & SURROUNDS

GUNNING

Two minutes off the Hume Highway between Sydney and Melbourne, Gunning has a reputation for excellent food and facilities. Up to 1820, Gunning was in fact the "Limit of Settlement", meaning settlers could not acquire property beyond this point. Aside from the fascinating local history, Gunning has a strong arts and crafts community.

DALTON

Home to a 40 million year old fossil leaf deposit, Dalton is also famous for sitting on a fault line and experiencing minor but persistent tremors. Once described in early records as "...the haunt of cattle duffers, bushrangers and robbery under arms..." today, this peaceful small town protects its heritage with pride and dedication.

COLLECTOR

Located just off the Federal Highway between Goulburn and Canberra, Collector was founded by Terence Aubrey Murray, the same man who built "Yarralumla" on the site of the Australian Prime Minister's residence. The aptly named Bushranger Hotel stands beside a memorial to Constable Nelson, who was shot dead by John Dunn, a member of Ben Hall's gang in 1865.

TARALGA & SURROUNDS

TARALGA

The first thing that strikes you when entering Taralga is the stone architecture much of which dates from the 1860s to 1890s, not quite Georgian, not quite Victorian, but very Taralgan. There is much doubt as to the origin of the name however one theory is that the village was originally called "Trial Gang" as it was one of the chief centres in Argyle where convicts and bushrangers were tried.

In 1865, Wombeyan became the first area in Australia to be reserved for the protection of caves and there are still structures dating from the early 1900s. Today, the Wombeyan Karst Conservation Reserve boasts some of NSW's most impressive show caves, including Figtree Cave, widely regarded as one of the state's best self-guided cave experiences, and others that you can experience on a guided tour. The reserve also has beautiful bushwalks, including Waterfall Track, featuring scenic waterfall views, and Mares Forest Creek Track, with its popular swimming hole.

FROM ROLLING HILLS WITH

VISTAS OVER THE WESTERN
BLUE MOUNTAINS, ALL OF
WHICH PROMISE TO FASCINATE
THE SENSES THROUGH THE
DISTINCT SEASONAL CHANGES
OF THE YEAR.

The Southern Tablelands offers some incredible countryside, ranging from rolling hills with views forever, to stunning vistas over the western Blue Mountains, all of which promise to fascinate the senses through the distinct seasonal changes of the year. A vibrant rural region for over two hundred years, remnants of this rich history remain interspersed throughout rich grazing lands. Sitting high on the Great Dividing Range, the region is also the source of the majestic Lachlan, Wollondilly and Abercrombie Rivers, and home of major storages of Lake Wyangala and Pejar Dam.

The Upper Lachlan is ideally located in the Southern Tablelands, with extraordinary road trips to experience, whether you are heading north to the Central West, south to the Canberra region or west to the Riverina. See page 26 for a detailed Regional Map.

THE OLD HUME HIGHWAY ROUTE 31

In 1824, Hume and Hovell famously set out from the Gunning district on their pioneering expedition to Port Phillip near the site of modern day Melbourne. Much of the modern Hume Highway follows their original route, however over the years, many of the small townships that were stopping points along the highway have been bypassed, to reduce travel times between Australia's state capitals. Happily, this has in turn created a network of quiet country towns, just off the beaten track, offering the traveller fantastic places to take a break, enjoy great food and facilities.

One such town is Gunning, situated on the "Old Hume Highway" between Goulburn and Yass. In this part of the region, a large section of the quiet, old highway can still be enjoyed. An added advantage is crossing the Cullerin Range, where you can enjoy fantastic views of the Main Southern Railway, still operating, hauling passenger and heavy loads between Sydney and Melbourne. Join the "Old Hume Highway" either at Gunning or at Breadalbane and make sure you stop at the Hume Monument at

New South Wales Roads and Maritime Services has produced an excellent publication, "The Old Hume Highway - History begins with a road", which can be downloaded from their website, www.rms.nsw.gov.au.

THE TABLELANDS WAY

The Tablelands Way experience is a wonderful opportunity to discover rural NSW. It is one of the most scenic routes of the state and connects Canberra to the Hunter through Goulburn, Taralga, Oberon, Lithgow and Mudgee.

Scenic and Historic Drives

The Crookwell Visitor Information Centre has created a range of other scenic and historic drives to enjoy.

Route 1 - Wine to Caves

Kick off your trip with a visit to Kingsdale Winery and then head north through the town of Crookwell and the villages of Binda and Tuena which is an old gold mining site. Finish up by visiting the underground world of Abercrombie Caves

擇 Route 2 - The Tablelands Way

Welcome to McArthur country, with stunning views of the Blue Mountains. This scenic drive takes you from Goulburn Australia's first inland city, all the way to Bummaroo Ford on the Abercrombie River, an ideal picnic spot.

Route 3 - Explorers & Bushrangers

Hamilton Hume famously began his trek south from his property near Gunning in 1824 however he also explored extensive parts of the Goulburn Plains. Likewise, bushrangers including Ben Hall terrorised travellers along these key transport routes. Explore from Gunning to Collector and get a sense of this history.

Route 4 - Sapphire & Gold Country

This region is interwoven with ancient waterways, many of which contain gold and precious gems. Whilst alluvial gold was prevalent, the area around Dalton is dotted with shaft mines chasing the plusive reafs.

Route 5 - River to River

Boasting stunning views of the Tablelands' rolling hills, this journey spans the Sydney Water Catchment from Crookwel to Wollondilly River country.

For full details of these drives go to www.visitupperlachlan.com.au, under explore. Contact the Crookwell Visitor Information Centre for more ideas on where to go and they'll point you in the right direction.

The diversity of adventures and attractions is truly remarkable, with everything from markets and festivals, camping spots to 5 star hotels, gentle bush walks to wild canyoning, tall tales to historic truths, food, wine and geological wonders.

For more information, visit www.tablelandsway.com.au.

CENTRAL WEST CONNECTION

The upper Southern Tablelands were first explored in the attempt to connect the Goulburn Plains to the Bathurst Plains. Expeditions passed through modern day Taralga and the Crookwell district.

Today's traveller can explore the same paths in comfort with two fantastic main roads now connecting the region to the Central West areas of Orange, Bathurst and Oberon. Both the Tablelands Way and the Bathurst Road afford visitors breathtaking views as they pass through prime farming and native bushland, including crossing the majestic Abercrombie River.

FROM UNDERGROUND
WONDERS TO EAGLES ON
THE WING, THE SOUTHERN
TABLELANDS OFFERS A WEALTH
OF OUTDOOR ADVENTURE.

WHERE TWO RIVERS MEET

Lake Wyangala, at 2.5 times the volume of Sydney Harbour, is a haven for pleasure boating, canoeing, swimming, water skiing, sailing, bushwalking, fishing and leisurely picnics. Located just 80km northwest of Crookwell, Lake Wyangala and Grabine Lakeside Holiday Park are situated where the Lachlan and Abercrombie Rivers meet and have been dammed to form the lake. The surrounding countryside boasts a vast array of flora and fauna, so after you have enjoyed the cool mountain waters make sure you explore the back country as well.

DISCOVER THE UNDERWORLD

Imagine a place so ancient that it was old before the first dinosaur walked the earth. Over millions of years the Wombeyan Caves maze of underground passages, streams and caverns were carved out. Known to the Aboriginal people for tens of thousands of years, the caves were re-discovered by Europeans in 1828 when explorers stumbled across a vast opening leading into the amazing depths below. The Wombeyan Caves feature vast caverns adorned with striking and delicate formations in a range of sizes, shapes and textures. These limestone caves are both remarkable and beautiful.

GET OFF THE BEATEN TRACK

You will find a wonderland of fauna and flora exploring the traditional lands of the Wiradujuri, Gundungurra and Ngunnawal peoples, conserved through a network of national parks, reserves and conservation areas. Keverstone National Park and Gillindich Nature Reserve are easily accessible by travellers to the region north of Crookwell towards the villages of Bigga and Tuena.

Both Keverstone and Gillindich allow bushwalking, cycling, picnics and bush camping with the National Park also permitting horse riding. The areas are home to many vulnerable species including the Spotted-tailed Quoll, Gang Gang Cockatoo and the Powerful Owl.

Keverstone National Park is in two sections and can be accessed by either Mount Wells Trail or Wick Wack Road both off Bigga Road. Gillindich Nature Reserve is located on Junction Point Road approximately 30km north of Crookwell just after Bigga Road. For more information contact the National Parks and Wildlife Office in Queanbeyan on (02) 6229 7166.

BIRDS. BIRDS. BIRDS!

The Upper Lachlan Shire is blessed to be frequented by a huge variety of birdlife from majestic raptors, such as the rare Powerful Owl and mesmerizing Nankeen Kestrels, to magnificently adorned Gang Gang Cockatoos and Rainbow Bee-eaters. There are also many wonderful waterbirds, such as the Musk Duck and Azure Kingfisher.

A great place to view a large variety of birds is the Todkill Park Bird Hide in Crookwell. Todkill Park is located on Goulburn Road as you enter from the south east, the bird hide is on the edge of the dam and can be accessed via the hockey fields. Public access is available 24/7.

Have you heard of **Ebird.org**, offering a wealth of information on what birds you can find where across Australia? There have been almost 200 species of bird identified as being residents or visitors to the Upper Lachlan, including many rare birds, such as the Powerful Owl and Turquoise Parrot. Search **Ebird.org** to help plan your visit.

HARNESSING NATURE

Did you know that the first wind farm in the southern hemisphere to be connected into the national grid is located just six minutes south of Crookwell on the Goulburn Road? The winds that flow over the rolling hills of the Southern Tablelands have become an increasingly important source of renewable energy for Australia. There are a growing number of wind farms in the region, plus solar farms.

Visitors are able to visit some of these wind and solar farms to learn about Australia's renewable energy industries. These free guided tours provide an opportunity to get up close to turbines and commercial solar panels to find out more about harnessing nature to produce energy that used every day. Contact the Crookwell Visitor Information Centre for details.

WOMBEYAN CAVES

Hidden in a peaceful sheltered valley just one hour from Goulburn, the Wombeyan Karst Conservation Reserve offers guided and self-guided tours of spectacular limestone caves featuring vast caverns adorned with striking and delicate formations.

Enjoy the diverse range of flora and fauna. Follow one of the walking trails that lead you to spectacular canyons, lookouts and waterfalls. Meet the Locals

KERRY AND FERNANDO CALIGORE // **CALENNY ORCHARD**

THERE IS NOTHING QUITE LIKE GETTING UP CLOSE AND PERSONAL WITH THE ANIMAL KINGDOM AND THERE ARE PLENTY OF OPPORTUNITIES ACROSS THE UPPER LACHLAN.

Whether wandering with the kangaroos through native landscapes such as Wombeyan Karst, Keverstone or Lake Wyangala, stretching your legs on a town walk or visiting a purpose built animal encounter, the chances to engage with native and exotic wildlife are endless.

Learn to speak 'Alpaca' at Greenridge Glen in Crookwell, practise gratitude and mindfulness with the Rubyvale Horses Teaching Humans Herd at Laggan, or nurse a wombat and enjoy the incredible bird collection at the Taralga Wildlife Park. You can even have a beekeeping experience and indulge in a honey tasting at Crooked Corner's Calenny Orchard.

WALK IN THE FOOTSTEPS
OF BOTH THE INDIGENOUS
PEOPLES OF THIS LAND AND
EARLY PIONEERS AS YOU
EXPLORE THE MANY NATURAL
AND MANMADE WONDERS THAT
MAKE UP THE UPPER LACHLAN'S
RICH HISTORY.

The indigenous Wiradujuri, Gundungurra and Ngunnawal peoples appear to have used these lands as travelling routes however with its proximity to the early colony and its strategic location the area was experiencing permanent European settlement within 30 years of the First Fleet.

Arable farm land and reliable rainfall are at the heart of the whole region and were the main drawcard to the early settlers of the region. When you add gold and silver, major transport routes and country ingenuity, famous authors and famous bushrangers you have a wonderful tapestry of stories with hidden gems everywhere – literally!

The excellent Taralga Historical Society Museum and Gunning's Pye Cottage Museum contain some terrific buildings and displays that tell the stories of the region's early pioneering days. Another historic gem worth a visit is the Crookwell Railway Station. First opened in 1902, Crookwell was a significant

pioneer terminus station. The line was used to transport stock, goods which included potatoes, iron ore and superphosphates as well as people.

There are also four NSW Heritage-listed sites in the Upper Lachlan – Collector's Bushranger Hotel, named after the notorious outlaws who plagued the early settlement, Taralga's Christ the King Catholic Church, with its stunning terracotta cartwheel style 'Rose Window' and magnificent marble alter quarried at Wombeyan Caves, plus the fascinating historical railway stations at Crookwell and Gunning.

HISTORIC WALKS

A lovely way to while away some time when visiting rural Australian towns and villages is wandering the wide, tree lined streets, day dreaming about the beautiful old buildings nestled within. Stretch your legs as you slow down and ponder life, "back in the good ol' days".

SELF-GUIDED WALKS

There are self-guided walk brochures available for Collector, Crookwell, Gunning and Taralga available from the Crookwell and Taralga Visitor Information Centres and selected businesses around the Shire.

GUIDED WALKS

The volunteers of the Crookwell, Gunning and Taralga Historical Societies would be delighted to provide a guided tour of their village and point out the many interesting buildings, locations and artifacts whilst regaling you with the stories that bring history to life.

THE LURE OF PRECIOUS METALS

Many of the early visitors to the region were drawn by the lure of precious metals. From Dalton in the south to Tuena in the north, gold was the precious metal of choice.

You can still pan for gold at Tuena public fossicking area. While in Tuena, check out the Book Keeper's Cottage and get a bird's eye view of the goldfields from the suspension bridge.

The history of metal mining goes beyond gold and includes the beautiful little village of Peelwood, home to a copper, silver and lead mine from the 1870's. Peelwood sits in the beautiful Peelwood Valley and a visit to modern day Peelwood still reveals the chimney stack.

Just north of Gunning, the Dalton area was also mined for gold with multiple small but high quality deposits. Make sure you take a selfie with the iron horses of Dalton and then follow the Lachlan River north as it meanders through the country side, watch out for the troopers along that way!

STRIKE IT RICH!

Whether it is gold or gemstones that take your fancy, you have a chance of finding either or both in the waterways across the region. The Upper Lachlan Shire is a state declared fossicking district which means that people do not require the permission of Exploration Licence holders to fossick in the district.
